

UNITED WE STAND!

Our **United Way Campaign** at the College begins the week of November 3rd in concert with the Lancaster County Campaign and we strongly encourage all our fellow community members to make a pledge in support of the good work of the United Way. **“Neighbors Helping Neighbors”** has been the cornerstone of the varied services offered through the United Way and nearly 1 out of every 3 people in Lancaster County are touched in some way with their good work and caring services. Mostly done without fanfare or embellishments, the United Way quietly extends services to those in need, day in and day out, through the year. We trust you will consider making a pledge to the United Way during our annual campaign. Each employee will be receiving a United Way Pledge Card from the Human Resources Department for consideration; you may also go online at www.uwlanc.org/give and make your pledge. **“Thanks to you, it works for all of us, the United Way”!!!**
