#etownscad15

Elizabethtown College

Welcome to Elizabethtown College's Eighth Annual Scholarship and Creative Arts Days!

Real-world Learning is one of the hallmarks of the Elizabethtown College experience. Students who conduct original research, create artistic expressions, and discover new perspectives learn more deeply and gain real-world skills. This year SCAD features some of the most outstanding work of our students from 2014-2015. As a result of their hard work and superb mentoring by faculty advisors, these students are becoming a bigger part of the world—contributing fresh ideas and acquiring experiences that will help them build their careers. We congratulate and recognize our scholars for their outstanding efforts that have culminated with their participation in this prestigious student conference.

We are grateful to the Scholarship and Creative Arts Days committee and the dozens of faculty mentors who have made this scholarly celebration possible. By fostering the college's commitment to undergraduate research, these members of our community have created this remarkable forum for sharing scholarship and creative thinking.

Dr. Donald B. Kraybill

Dr. Donald Kraybill began teaching sociology at Elizabethtown College in January 1971, some forty-four years ago. For a number of years he also chaired the sociology-anthropology-social work department. Assisted by a colleague at Gettysburg College, Kraybill established the Mid-Atlantic Undergraduate Social Research Conference, which first met at Elizabethtown College in 1980 and this spring will meet at Villanova University. When the Young Center for Anabaptist and Pietist Studies opened in 1989, Kraybill served as its director until 1996, when he became the first provost of Messiah College. Six years later he returned to Elizabethtown College as distinguished professor and senior fellow in the Young Center. After returning to Elizabethtown, Kraybill served as acting provost for a year and later as acting director of the Young Center from 2006 to 2007. In 2000 Kraybill received a Centennial Award for Distinguished Service to Elizabethtown College.

Kraybill's first book, published in 1976, was a critical assessment of American civil religion. In 1978 his *Upside Down Kingdom* received the National Religious Book Award. Kraybill has written, coauthored, or edited more than two dozen books as well as dozens of journal articles and essays. Several of his books have been translated into a total of nine languages. The National Endowment for the Humanities has funded his research numerous times, and he has served on three NEH panels to evaluate peer proposals.

When ten girls in an Amish schoolhouse were shot at Nickel Mines in 2006, Dr. Kraybill fielded hundreds of national and international media queries. His coauthored book *Amish Grace: How Forgiveness Transcended Tragedy* became the definitive work on the story. It was followed by the widely viewed film *Amish Grace*. Kraybill also collaborated with the producers of *The Amish*, a two-hour documentary by American Experience that aired on PBS in February 2012, a few days after its first screening in Musser Auditorium at Leffler Chapel. *The Amish* had the highest number of viewers of any American Experience episode in nine years. In 2013 Kraybill, with coauthors Steven Nolt and Karen Johnson-Weiner, published *The Amish*, a companion book to the film and the first comprehensive overview of the Amish in North America since 1963. In 2012 Kraybill assisted the US Department of Justice in prosecuting sixteen Amish defendants accused of beard-cutting attacks in Ohio. He served as the only expert witness at the trial and later wrote *Renegade Amish: Hate Crimes, Beard Cutting, and the Trial of the Bergholz Barbers*, which Johns Hopkins University Press published in 2014.

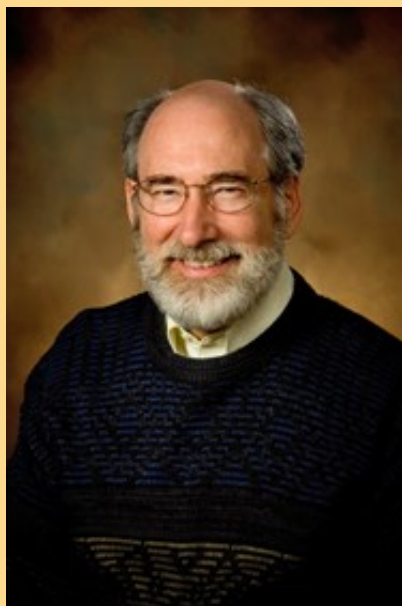

Dr. Kraybill is the acquisitions editor for Young Center Books in Anabaptist and Pietist Studies published by Johns Hopkins University Press. Since it began in 2006, the series has published nineteen titles.

Dr. Donald B. Kraybill

Monday, April 20

Dr. Donald Kraybill will be the featured keynote speaker at the eighth annual Scholarship and Creative Arts Days at Elizabethtown College.

Dr. Donald Kraybill's lecture will describe the scholarly methods he used to solve the Amish riddle: how does a tradition-laden group—one that rejects television, public grid electricity, car ownership, high school, and Social Security—not only survive but thrive in high-tech, hypermodern America? In Lancaster County and nationwide, the Amish population doubles every eighteen to twenty years. Kraybill will also unpack some smaller Amish riddles: why do Amish people reject car ownership yet readily hire outsiders to provide “taxi service” for them? How do eighth-grade-educated Amish youth learn the entrepreneurial skills to create and operate multimillion dollar companies? And why do Amish teenagers, who enjoy the freedoms of *Rumspringa*, eventually decide to join such a restrictive, peculiar group? Using visual and audio clips, Dr. Kraybill will show how solving perplexing social conundrums requires multidisciplinary research, multiple data sources, comparative analysis, and theoretical concepts. A book-signing will follow the presentation.

Cover by Taylor Luckenbill `15

Congratulations to Taylor Luckenbill `15, winner of the 2015 Scholarship and Creative Arts Days program cover contest! Luckenbill also won the cover contest in 2012.

Artist Statement:

"Chaos. It is what we all go through at some point or another at college. Chaos does not have to be a bad thing. It can be a multitude of different thoughts bound together from the central need to learn, to create, to inspire. Chaos can be swirls of colors, mixed mediums, and strange faces. This happens to be one such piece, created from acrylic paint, black ink, chalk, and pastels on cardboard. There is beauty in the diversity and complexity that make up the faces of Elizabethtown College. Find that beauty wherever life takes you."

The Scholarship and Creative Arts Days Committee also congratulates the following students, who were recognized with honorable mentions for their entries:

Andrew Fry and Nate Williams
