- To Approve the timecard, select the employees name. Once the timecard opens, you will see all punches for the first week of the current pay period. Verify that the IN and Out are correct and that the total number of hours for the day is correct. If everything looks good, click the three lined box on the left hand side. A drop down will appear and then select Mark as Review to approve that day. The three lines will turn into a flag until you click save. Once you click save the flags will turn into checked marked boxes.
 - You can approve the whole week of time by clicking the same three lined box at the top of the timecard right below the week tabs.
 - There are two tabs indicating **Week 1** and **Week 2** of the pay week.
