

QHDHP Healthy Savings \$1,400

This program is a qualified high deductible plan as defined by the Internal Revenue Service. It is designed for use with a Health Savings Account (HSA). On the chart below, you'll see what your plan pays for specific services. You may be responsible for a facility fee, clinic charge or similar fee or charge (in addition to any professional fees) if your office visit or service is provided at a location that qualifies as a hospital department or a satellite building of a hospital.

This is not a contract. This benefits summary presents plan highlights only. Please refer to the policy/ plan documents, as limitations and exclusions apply. The policy/ plan documents control in the event of a conflict with this benefits summary.

- (1) Your group's benefit period is based on a Contract Year. The Contract Year is a consecutive 12-month period beginning on your employer's effective date. Contact your employer to determine the effective date applicable to your program.
- (2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense. If you are enrolled in a "Family" plan, with your non-embedded deductible, the entire family deductible must be satisfied before claims reimbursement begins. In addition, with your embedded out-of-pocket limit, once an individual family member's out-of-pocket limit is satisfied, additional claims reimbursement begins for that person. Finally, with your embedded TMOOP, once any eligible family member satisfies his/her individual TMOOP, claims will pay at 100% of the plan allowance for covered expenses, for the rest of the plan year. Claims for the remaining family members will pay at 100% once the family TMOOP amount is met.

- (3) Services are provided for acute care for minor illnesses. Services must be performed by a Highmark approved telemedicine provider. Virtual Behavioral Health visits provided by a Highmark approved telemedicine provider are eligible under the Outpatient Mental Health benefit.
- (4) Services are limited to those listed on the Highmark Preventive Schedule (Women's Health Preventive Schedule may apply).
- (5) Coverage for eligible members to age 21. After initial analysis, services will be paid according to the benefit category (e.g. speech therapy). Treatment for autism spectrum disorders does not reduce visit/day limits.
- (6) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (7) If you receive services from an out-of-area provider or an out-of-network provider, you must contact Highmark Utilization Management prior to a planned inpatient admission, prior to receiving certain outpatient services or within 48 hours of an emergency or unplanned inpatient admission to obtain any required precertification. If precertification is not obtained and it is later determined that all or part of the services received were not medically necessary or appropriate, you will be responsible for the payment of any costs not covered by your health plan.
- (8) At a retail or mail-order pharmacy, if your deductible has not been met, you pay the entire cost for your prescription drug at the discounted rate Highmark has negotiated. The amount you paid for your prescription will be applied to your deductible. If your deductible has been met, you will only pay any member responsibility based on the benefit level indicated above. You will pay this amount at the pharmacy when you have your prescription filled. The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and in the cost-sharing requirements. Your program includes coverage for both formulary and non-formulary drugs at the copayment or coinsurance amounts listed above. Under the soft mandatory generic provision, when you purchase a brand drug that has a generic equivalent, you will be responsible for the brand-drug copayment plus the difference in cost between the brand and generic drugs, unless your doctor requests that the brand drug be dispensed. Your plan requires that you use Alliance Rx Walgreens Prime specialty pharmacy to obtain select specialty medications. To obtain medications for hemophilia, you must use a specific pharmacy, please contact member services for more details. A member can go to any pharmacy in the National network for the first 2 (31 day) fills of a "maintenance" medication. For their 3rd fill forward, they must either use a "Smart90" Pharmacy (CVS) to get a 90 day supply, or Mail Order. If they do not, the member will be responsible for 100% of the medication cost.
