

Elizabethtown College

Petition for Re-Admission

Students that have not been actively enrolled who have left the College while on academic probation or while experiencing academic difficulty (having below a 2.0 GPA), must submit a response to the following prompts in order to be considered for re-admission. The Admissions Review Committee will review this document, along with your application for readmission, and any additional transfer work in consideration of your request.

- 1. Briefly explain your reasoning or motivation for wishing to return to the School's rigorous accelerated program at this time.**

- 2. If re-admitted to the program, how do you plan to ensure your success in achieving good academic standing? (Refer to the online catalog [catalog. etown.edu](http://catalog.etown.edu) for the Academic Standing policy.)**

- 3. Is there anything else that you would like the Admissions Review Committee to know that will assist them in making a decision to re-admit you?**
