Vehicle Registration

- ◆ All motor vehicles used by students, faculty, staff and overnight visitors on College property must be registered with Campus Security upon arrival on campus.
- ◆ Vehicle registration by employees only has to be completed once, and can be done at any time. Decals remain valid as long as the registrant remains an employee of Elizabethtown College. Employees may register up to two vehicles. There is no charge to register employee vehicles.
- ◆ Student vehicle registration must be completed annually. The cost for registration is \$100 per academic year for resident students and \$50 per academic year for commuter students. If registered after December 7th, registration is \$50 for resident students and \$25 for commuter students. Resident students are limited to registering one vehicle. Commuter students can register up to two vehicles. Registration decals will be available on August 10th, however students may register vehicles at any time during the year.
- ◆ Any change in status (i.e., resident to commuter), must be reported to Campus Security.
- ◆ A vehicle that will be on campus more than one day, but less than two weeks, will be issued a Temporary Parking Permit. Vehicles on campus for more than two weeks must be registered.
- ◆ Campus Security must be notified of any registered vehicle no longer in possession of the registrant. Any person exchanging vehicles must register the new vehicle immediately upon bringing it on campus.
- ◆ Failure to register a vehicle will result in an UNREGISTERED VEHICLE violation. **Three Unregistered Vehicle Violations will result in immobilization of the vehicle.**

Registration Procedures

- ◆ Employees may register their vehicle by visiting Campus Security.
- ◆ Students must pre-register vehicles in JayWeb, using the Vehicle Registration form. Students may only register their own vehicle (a student may not register a vehicle for another student). Vehicles must be owned by the student or immediate family member. If the last name or address of the vehicle owner does not match that of the registrant, a letter from the owner authorizing the registrant to use the vehicle is required at the time of registration.
- ◆ A valid state registration card, proof of current insurance and driver's license must be presented at the time of initial registration. These documents are not needed to renew a registration.
- ◆ Decals must be visible to be considered registered. Failure to display a decal will not excuse unregistered vehicle parking violations.

Parking Decal Application Instructions

1. The decal you have been issued is assigned to you and you only.
2. You are responsible to place the decal on the rear windshield of the assigned registered vehicle immediately, or as soon as possible when weather conditions allow.
3. Misuse of the parking decal may result in the revocation of your parking privileges and college conduct violations.
4. The College Parking Decal is to be placed on the outside of the rear window, in the lower left corner*, as illustrated below.

5. If you have been issued an "Elizabethtown Borough Zone 2 Decal," the decal is to be placed on the left side of the bumper of the vehicle, as illustrated above. Student decals for "Zone 2" will also have a dated validation sticker that must be updated annually based on eligibility.

*Decals should be displayed on the left side of the rear bumper if the vehicle is a convertible or truck with a cap. Decals should be displayed on the left rear if the vehicle is a motorcycle.
